

CURRENT CONFLICTS IN THE WORLD TODAY

REPORT OF THE SESSION

PRAGUE (Czech Republic)

14 to 20 July 2025

From 14 to 20 July 2025, the Summer University in Prague was organised successfully once more in the Czech capital in collaboration with CEVRO University. It was the opportunity to develop the very topical theme “Current Conflicts in the World Today”.

More than 35 candidates took part in the programme, partly from the Czech Republic selected by CEVRO and partly from many different countries, selected by CIFE and the partner. They represented 10 different nationalities.

All the candidates who successfully completed the programme received a certificate of participation. Additionally, students who did some extra work after the session acquired ECTS credits.

At the end of the session, we also asked our students to fill out an evaluation questionnaire and comment upon our programme. Their observations were a great help for us for the continuation of the programme.

We hope that this session in Prague will be a very nice memory for everyone, and we warmly thank our partner, CEVRO University, for this friendly collaboration.

Due to the chosen period this year (July rather than September, as has been the case for several years), the programme attracted a large number of applicants, both from abroad and from the Czech Republic.

All the candidates were very positive about the programme and the highly topical theme. Large debates were proposed after each presentation to make the session interactive and allow the candidates to have answers to all their questions.
